In this first issue, I would like to introduce the *Dashing Dubai Trip* for September 2022. The city Dubai in the United Arab Emirates is no doubt one of the hottest travel destinations at the moment; the city offers endless shopping, exotic cultural experiences and non-stop sunshine and golden beaches.

As we are on the downside of this global pandemic, the world is opening up and we are ready to travel.

So, let's take this excursion to Dubai in September!

Radisson Blu Waterfront

History of Dubai

Dubai is the most populous city in the United Arab Emirates and the capital of the Emirate of Dubai. Established in the 18th century as a small fishing village, the city grew rapidly in the early 21st century into a cosmopolitan metropolis with a focus on tourism and hospitality. *Dubai is one of the world's most popular tourist destinations.* It has the second most five-star hotels in the world and the tallest building in the world, the Burj Khalifa, which dominates the skyscraper-filled skyline.

Equal Justice Initiative Legacy Museum

Fantom Travel Group is traveling to the birthplace of the Civil Rights Movement! Yes, we're going to Montgomery, AL next year!

The Legacy Museum is located on the site of a former warehouse where Black people were enslaved in Montgomery, Alabama. This narrative museum uses interactive media, sculpture, videography and exhibits to immerse visitors in the sights and sounds of the domestic slave trade, racial terrorism, the Jim Crow South, and the world's largest prison system.

Alabama is home to the Nation's first lynching memorial and one of the most controversial prison sentences of the year.

The National Memorial for Peace and Justice

More than 4400 African American men, women, and children were hanged, burned alive, shot, drowned, and beaten to death by white mobs between 1877 and 1950. Millions more fled the South as refugees from racial terrorism, profoundly impacting the entire nation. Until now, there has been no national memorial acknowledging the victims of racial terror lynchings. On a six-acre site atop a rise overlooking Montgomery, the national lynching memorial is a sacred space for truth-telling and reflection about racial terror in America and its legacy.

Can we even get passed the fact that these are human beings who have not committed any type of crime, or even harmed another individual in any way and yet they have IRON Shackles locked around their necks and ankles with chains...what type of human does this to another? **Christine Marie**
